## June 1, 2008

### IT'S SO HOT

It is that time of year again. Temperatures are rising and kids are complaining about being too hot. This time of year conventional thinking says, "The less clothes the better." This is not necessarily so. Skin exposed to the sun has a tendency to heat up more than when lightly covered. Now, I do not want everyone to run out and put on overcoats and have heat stroke and blame me. But taking off clothes is not really the answer. There are other reasons not to bear too much also.

Matthew 5:27-28, "You have heard it was said, 'You shall not commit adultery;' but I say to you that everyone who looks at a woman to lust after her has already committed adultery with her in his heart." That lustful desire that fulfills man is the same as committing adultery in your heart to God. It is sinful and wrong.

"So," the girls say, "I am not lusting." That is right, but the same Lord says in Matthew 19 that if we cause our brother or sister to stumble it is better for us to have a millstone hung around our neck and be drowned in the sea. Our mission is to help others get to heaven, not drive them out. If your actions cause someone else to fall away, you may be held accountable also.

I am not saying that you should not wear any shorts at all. Just be sensible. If they draw attention to you, they may reveal more than they should. If they reveal too much it may present a problem for someone who is watching. If it presents a problem for them, both of you have a problem. Use common sense when you go out in public.
