I CAN'T WAIT FOR SUMMER

I can't wait for summer. Not for the reason many of you think, I am not complaining about the cold again. I can't wait for summer because summer brings fresh tomatoes, corn, carrots, and cucumbers. I love fresh vegetables right out of the garden. I can't wait to enjoy God's bounty again.

How many tomatoes will accidentally grow in my garden? The answer is a whopping "0". Gardens do not just appear from the ground all planted and growing as they should. A garden takes hard work and lots of time. For it to be successful the gardener must work with the garden, tilling the ground, fertilizing it, planting the seeds, pulling the weeds, and watering the plants until the garden has produced all it's crop.

God refers to the world and especially to evangelism as His garden. In John 4 Jesus refers to the white harvest that is ready for them. In Romans 3 Paul says that he and Apollos planted and watered and God gave the increase. To receive the harvest we must be God's gardeners working in His field. We have to prepare the soil, the hearts of men. We have to plant the seed, the word of God. We have to water the seed, nurture it as it grows. We have to work so that God can bring in His harvest to bless us with the salvation of our loved ones, and to bless our loved ones with salvation from their sins.

I can't wait for the spiritual summer that is facing North End in 2012. I can't wait to see the yield from the hard work that God's gardeners are going to do here this year. Spiritual summer is not dictated by the calendar or weather, it's determined by when God's people plant and water the seed of God in the hearts of men. You ready for summer?
